WE CONNECT YOU WITH MOTHER  
NATURE

## Why visit a Farm

You get to see where your food comes from: You can make the connection between what is on your plates at home and how food is grown.

You can learn all about farm animals and even pet some, too!

It is a great excuse to get to spend some time outside in the nature.

Everyone gets excited about the chance to meet a real live farmer.

Visiting an organic farm is a fun and educational activity that is as much fun for adults as it is for the kids.

We are an 80 acre certified Organic farm at an elevation of 4200 ft which ensures pleasant weather all through the year and we grow Coffee, Oranges, Pepper, Banana, Avocados and Vegetables.
